It's never too early to start planning for next year.
Let's get the recorder ball rolling now!

Make Recorder Orders Easy: Let Sweet Pipes Do the Heavy Lifting

Is collecting money for recorders time-consuming, frustrating, and just plain stressful? You're not alone—and **Sweet Pipes** is here to help.
We know what it's like: keeping track of cash and checks, juggling spreadsheets, fielding parent questions, and hoping every student brings the correct amount (on time!). That's why we created the **Sweet Pipes Recorder Program**—a simple solution that removes the burden from your shoulders and puts the process on autopilot.

How It Works:

✅ **Parents pay Sweet Pipes directly**—you or your district never handle the money.
✅ A **parent instruction letter** is provided, ready to print and send home.
✅ Parents place their order through our website—**no shipping charge**!
✅ You choose a **cut-off date**, and we ship the entire order to your school the very next day.
✅ We provide a **detailed spreadsheet** with student names and their exact order—no guessing, no sorting chaos.

Whether you're new to teaching recorder or just tired of managing the financial side of it, we make the process smooth, organized, and hassle-free.

Want to see what the letter to parents looks like? Just email us at **sales@sweetpipes.com** and we'll send you a sample.
Let Sweet Pipes take the pain out of recorder ordering—so you can focus on what you love: making music with your students!
